

**PLAIN LANGUAGE SUMMARY
OF ST. ANTHONY REGIONAL HOSPITAL &
NURSING HOME**

St. Anthony Regional Hospital offers a financial assistance program called the St. Anthony CARES Program to all patients who have healthcare needs that cannot pay for part, or all, of the care they receive at St. Anthony Regional Hospital and Clinics. No medical treatment will be deferred or denied based on the patient's ability to pay. This is a summary of the St. Anthony Regional Hospital Financial Assistance Policy (FAP).

Availability of Financial Assistance

You may be eligible for financial assistance if you have no insurance or are unable to pay the portion of your healthcare bill that is not covered by insurance, including deductibles, coinsurance and non-covered services and have exhausted all other payment sources. St. Anthony Regional Hospital gives financial assistance for required medical services including emergency medical care and medically necessary care. Optional services, such as cosmetics, will not receive financial assistance.

Eligibility Requirements

Total income for everyone living in your home is used to determine eligibility for financial assistance. If this income is below 200% of the Federal Poverty Level (FPL), you will be qualified for your healthcare costs to be forgiven at 100%. If your income is between 200% and 400% of the FPL guidelines, you will not pay more than the amounts generally billed to individuals who have insurance, and may be eligible for additional discounts. In addition to family size and income, eligibility is also determined on liquid assets. Please refer to St. Anthony Regional Hospital's full financial assistance policy for a complete explanation of the detailed process.
